Re: Board of Pharmacy Newsletter

IMPORTANT NOTICE

Beginning in 2008, the New Jersey Board of Pharmacy will discontinue printing and mailing the quarterly newsletter and instead distribute the newsletter electronically. Now, each time a new issue is published, individuals who subscribe to the notification listing will receive an e-mail notification containing a link to the current issue. You may subscribe to the notification listing by going to:

<http://www.nabp.net/indexnjbop.asp> and clicking the “subscribe” link. Or you may send an e-mail to NewJerseyBOPNewsletter@nabp.net with the word “Subscribe” in both the subject heading and the body of the e-mail. A link to this listing will also be placed on the Board’s website. Each individual is responsible for keeping their e-mail address current on the listing.

The *New Jersey State Board of Pharmacy Newsletter* has been designated as the official method of notification to pharmacists licensed by the New Jersey State Board of Pharmacy. Information regarding changes to state pharmacy laws along with other actions of the Board are communicated via the Board newsletter. Each licensed pharmacist is responsible for knowing, and can be held accountable for complying with, all current state and federal laws and regulations. These *Newsletters* can be used in hearings as proof of notification.
